

11th May 2018

**Mr Sandy Taylor**

Chairman

ADIESA

PO Box 27

**JAMISON CENTRE ACT 2614**

Dear ADIESA Members

The Board of ADIESA is starting preparations for the upcoming **C4ISREW Environmental Working Group (EWG)**. We are currently planning a full day workshop followed by a dinner in Q3 2018, subject to confirmation with Defence stakeholders.

- Members of the Board will be meeting with Defence in early June to discuss the structure and topics for the EWG.

As always, we would like to make sure that the EWG provides benefits to our Members, Defence and the broader Defence Industry. With this in mind, we are seeking your input on topics that would be of interest to you and your ideas on how the day could be run. We will discuss the range of topics and approaches with Defence to reach agreement on the best way forward for the EWG.

I encourage you to provide your thoughts so that we can make the EWG as successful as possible for our Members and Defence.

I would appreciate your input by **Friday 25 May 2018** in order to incorporate your feedback into our planning for the meeting with Defence.

Please your response to:

Margaret Ray (Kestenbaum)
